

I am in 4th grade. I live with my grandama and my mom. My teachers tell me that I'm too grown up for my age. I know when the bills are due and how much we owe. For a long time I ate lunch alone and did not have many friends.

Big Brothers Big Sisters helped me get a big sister. She is a Tech Soccer player! I can talk to her about anything. I ~~am~~ feel happier. I've made friends and I just had my first sleep over!
